

We will perform a detailed analysis of your current equipment maintenance situation. We will develop a customized program proposal demonstrating significant cost savings, while incorporating all necessary program administrative support elements.

## Getting Started

To receive a proposal please supply copies of the following documentation:

- **Current maintenance contracts with terms and conditions**
- **Current maintenance contract billing invoices**
- **Annual usage for equipment subject to utilization charges (for example copiers, imaging equipment, etc...)**

**No obligation or additional information required**

**Receive your quote within 10 business days or less**

Comprehensive Maintenance Management Program

Take Control  
Of Your  
Maintenance  
Management  
Expenses

# The Opportunity

*“Outstanding Business Managers are continually expected to increase revenue and decrease operating expenses”*

**What impact will 22% MORE saved earnings have on your budget?**

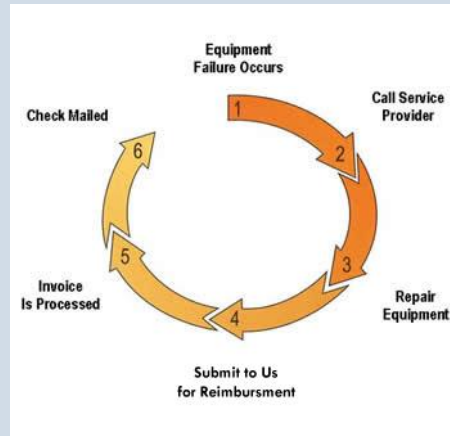

After spending years driving efficiencies into your organization, the opportunities for incremental profit growth may look all but exhausted. Fortunately, there is one area that nearly every business has overlooked: Efficient and cost-effective equipment maintenance management.

### Our Clients Include:

- Health Facilities
- Medical Clinics
- School Districts
- Universities
- Banks and Credit Unions
- Government Institutions
- Grocery Stores
- General Business
- And many others...

We provide sophisticated tools and resources that allow you to take control of your maintenance management program. With our program, you will gain complete control over vendor selection while the basic equipment maintenance process remains unchanged.

\* The Remi Group

*“Equipment service agreements represent a \$30 Billion dollar industry in the United States alone. Most equipment manufacturers make their profits on equipment service agreements, not product sales.”*

# Benefits

We provide features and benefits that far surpass the value proposition offered by Original Equipment Manufacturer (OEM) and Third Party maintenance service agreements. You can expect:

- Cost savings of 10 to 22%
- The flexibility to utilize your preferred vendor for each and every maintenance event
- Expanded equipment protection
- Around-the-clock equipment coverage
- Increased control over your equipment maintenance portfolio and detailed report
- Valuable program engineering support services with report functionality
- Guaranteed maintenance budget backed by the financial strength of a global insurance company
